SUMMIT CONCEPT NOTE AND INVITATION TO PARTICIPANTS

It is with profound enthusiasm and a shared sense of global responsibility that we invite you to the GLOTADALS 2026 – Global Summit and Training Program on Artificial Intelligence, Digital Technology, Advanced Sciences and Law for Sustainable Development, scheduled to take place in Charlotte, United States of America, from November 15 to 20, 2026. As you may know, the rapid advancement of artificial intelligence and digital technologies is redefining innovation, scientific discovery, productivity and economic growth across industries and societies worldwide. From advanced research and manufacturing to finance, healthcare, security, climate solutions and public services, AI and digital technologies are accelerating breakthroughs at an unprecedented scale, positioning the United States and other leading innovation economies at the forefront of global AI leadership. At the same time, the expanding deployment of AI and digital technologies across public, economic, financial, social, diplomatic, security, environmental and health systems calls for thoughtful collaboration among industry leaders, scientists, technologists, policy-makers and legal experts to ensure that innovation remains trustworthy, competitive and aligned with long-term societal goals. Rather than constraining progress, adaptive legal, ethical and governance approaches can serve as enabling frameworks that support innovation, market growth and sustainable development.

Recogniziing these dynamics, the Global Summit & Training Program on Artificial Intelligence (AI), Digital Technology (DT), Advanced Science and Law for Sustainable Development (GLOTADALS) is designed as a forward-looking platform to address critical questions, including: how AI experts, scientists, technologists, public and corporate actors, legal practitioners and policy-makers can effectively adapt to AI-driven transformation; how innovation-friendly frameworks can strengthen public trust and global cooperation; how AI and digital technologies can enhance efficiency, equity and resilience in governance and industry; and how AI, DT and advanced science can be strategically deployed to drive sustainable development across key sectors, including the economy, finance, security, environment, health systems, judicial processes, policy design and diplomatic engagement.

The summit is, therefore, uniquely positioned to convene AI industry leaders, researchers, innovators, investors, policy-makers, legal professionals and global institutions to chart actionable pathways for the responsible and scalable development of AI and digital technologies. By fostering partnerships and discussions, the Summit seeks to ensure that advancements in AI and DT align with international goals for sustainable development and reduce negative impact on humanity while fostering the evolution of technology and scientific advancement for the benefit of mankind. GLOTADALS 2026 is not just another event. It is a movement for legal foresight, scientific and technical expertise, a training ground for global actors, and a platform for shaping the scientific and legal DNA of tomorrow's AI-powered society. It brings together AI developers, technologists, scientists, judges, lawyers, policy-makers, diplomats, scholars and civic actors to engage in deep conversations, hands-on learning, strategic collaboration and forward-looking solutions.

We urge every visionary practitioner, policymaker, academic, scientists, and AI enthusiasts concerned with development to be part of this global moment. Let us gather in Charlotte, North Carolina, USA as co-architects of a more just, inclusive, and sustainable digital future.

Cyprian F. Edward-Ekpo, LL.D
Director-General, Institute of Law Research & Development of United Nations (ILAWDUN), Washington, DC, USA (Chair, SAC)

AI SHAPING OUR WORLD

OBJECTIVES *OF THE SUMMIT*

SUSTAINABLE INTELLIGENCE

The Global Summit & Training Program on Artificial Intelligence, Digital Technology, Advanced Science and Law for Sustainable Development (GLOTADALS) 2026 is a transformative 5-day program that explores the integration of artificial intelligence, digital technology and advanced science into legal frameworks, and addresses global challenges posed by artificial intelligence and digital technology, as well as enhancing the use of AI, digital technology and multidisciplinary science techniques of discovery and innovations in different sectors. The program will be hosted in Charlotte, North Carolina., United States of America, from November 15 – 20, 2026. The Summit brings together the world's most influential leaders to tackle the toughest AI questions, confront known, observable and unforeseen challenges, and bring clarity to AI governance toward sustainable development. It aims to showcase the potential benefits of AI, digital technology and advanced science, while critically analyzing their risks. It seeks to promote innovation-driven, flexible and forward-looking scientific, technological, legal and policy approaches that bridge existing gaps and explore emerging trends in artificial intelligence, electronic and digital technology, multidisciplinary scientific techniques of discovery and innovation, and their nexus with law for sustainable development. Furthermore, the program aims to address pressing issues across the various sectors integrated with AI, offering innovative solutions to the prevailing sectors.

It aims to strengthen international cooperation and knowledge exchange that reinforces AI advancement initiatives of the leading AI environment, such as the United States and other UN member states, while encouraging inclusive global participation. Ultimately, the program will develop a proposed Global Compact Framework on AI and Digital Technology (DT) toward Sustainable Development, recommending it to the UN and its member states.

Why This Summit Matters

- The Summit positions AI, digital technology and advanced science and law as engines of innovation, competitiveness and sustainable development in a rapidly evolving global economy.
- It provides practical training and knowledge exchange for AI practitioners, technology innovators, scientists, legal professionals, policy-makers and governance and corporate actors on advancing AI responsibly and at scale.
- It convenes AI industry leaders, researchers and multidisciplinary experts to co-create forward-looking solutions that strengthen innovation ecosystems while building global trust.
- It strengthens collaboration between the United States and other UN member states, leveraging US leadership in AI and science to drive global impact.
- The summit will design the global legal architecture for an AI-Driven future.
- Convening experts across disciplines to co-create a Global Compact Legal Framework on AI and DT for Sustainable Development, to be recommended to the leading AI environment, such as the United States and other UN member states
- It offers global networking opportunities, industry engagement and intercontinental cultural immersion.
- It honours excellence, leadership and innovation through the Laurel Honours and Merit Awards.

GLOTADALS 2026

THEMATIC FORUMS

THEMATIC FORUMS

A AI & Global Sustainable Development

DAY 1, November 16, 2026

This Forum explores how AI can drive sustainable development across sectors such as climate action, healthcare, agriculture, finance, governance, and environmental protection. Discussions will focus on responsible AI innovation, digital inclusion, cybersecurity, ethical challenges, and global cooperation among others in advancing the Sustainable Development Goals (SDGs). It is designed for policymakers, researchers, development practitioners, technologists, legal experts, international organizations. and individual registrants interested in this field.

Moderator: Dontia White, *CEO, Integrate Systems, Inc.*

B Forum on Diplomatic & International Organization in the Age of AI

DAY 1, November 16, 2026

This Forum explores how Artificial Intelligence is transforming diplomacy, international relations, and global governance. Discussions will focus on digital diplomacy, AI governance, international law, cybersecurity cooperation, and cross-border data regulation. Desinged for ambassadors, UN representatives, international organizations, policymakers, legal experts, and individual registrants interested in related field.

Moderator: Mr. Melvin Foote, President, Constituency for Africa (CFA), Washington DC, USA.

C Legislative & Inter-Parliamentary Forum on AI Applications

DAY 1, November 16, 2026

This Forum will to discuss the role of AI in lawmaking and governance. Key discussions will focus on AI applications in legislation, parliamentary processes, and policy-making, AI regulation, digital legislation, cybersecurity, data protection, and ethical governance. It is designed for legislators, parliamentary staff, policymakers, and stakeholders shaping the future of technology policy.

Moderator: Mr. Melvin Foote, President, Constituency for Africa (CFA), Washington DC, USA.

D North American Lawyers' Forum

DAY 3, November 18, 2026

This Forum brings together legal professionals from across North America to discuss emerging trends in law, regulation, and legal practice. Discussions will focus on AI regulation, corporate governance, cross-border transactions, dispute resolution, and legal innovation. It is designed for lawyers, judges, in-house counsel, legal scholars, and bar leaders seeking professional development and regional collaboration.

Moderator: Sonnie Braih, Esq., Division Chief / External Civil Rights Officer for the Nevada, Department of Transportation (NDOT), Las Vegas, Nevada, USA

E European, Asia-Pacific & Transnational Lawyers' Forum

DAY 3, November 18, 2026

This Forum brings together legal professionals, policymakers, academics, and technology experts from Europe, Australia, New Zealand, and China to examine emerging approaches to AI and digital technology governance. Discussions will focus on AI regulation, data protection, cybersecurity, digital trade, intellectual property, and international legal cooperation. It is designed for professionals seeking to strengthen cross-border collaboration and shape future global governance frameworks.

Moderator: Prof. Samuel Samiai Andrews

F Forum on Law & Technology

DAY 3, November 18, 2026

This Forum explores the relationship between law, technology, and innovation in an increasingly digital world. Discussions will focus on AI governance, digital rights, data protection, intellectual property, legal technology, and regulatory responses to emerging technologies. It is designed for legal practitioners, policymakers, academics, technologists, innovators, and governance experts.

Moderator: Prof. Mike Essien, Assistant Professor of Business Law at the University of Wisconsin, Adjunct Professor at the University of Minnesota College of Continuing and Professional Studies

G Global South Lawyers' Forum

DAY 3, November 18, 2026

This Forum brings together policymakers, legal practitioners, researchers, and innovators from the Global South to explore the role of AI in advancing law, governance, and sustainable development. Discussions will focus on AI governance, access to justice, digital inclusion, digital sovereignty, and innovation-driven growth. It is designed for stakeholders seeking practical and context-specific solutions to development challenges in emerging economies.

Moderator: Prof. Miguel Pando, Drexel University, Philadelphia

H Forum on AI in Transportation Network Systems

DAY 4, November 19, 2026

Transportation networks such as trains on rail systems, cars, buses, and trucks on roadways, airplanes in airways, and ships and boats on waterways generate substantial data and need innovative planning and routing systems for efficient, cost-effective management. AI increasingly plays a significant role in transportation systems management. This forum will focus on the applications of AI in transportation systems, the opportunities, challenges and future directions.

Moderator(s): Dr. Charles Elisha Ekanem; Ms. Teresa Watson, *CEO Watson Enterprise Group, Inc ; Fmr. CEO TRJ Transportation, and Executive Director, Minority Professional Trucker Inc. Georgia, United States.*

GLOTADALS 2026

THEMATIC FORUMS

THEMATIC FORUMS

I Forum on City & County STI Infrastructure

DAY 2, November 17, 2026

This Session brings together mayors, city managers, and government officials to discuss how AI and ICT can improve governance, infrastructure, security, and public service delivery. Discussions will focus on real-world case studies, operational efficiency, capacity building, security, and the benefits and risks of AI in public administration.

Moderators:

- **Prof. Hilary I. Inyang,** Chair and Distinguished Professor, Global Institute of Sustainable Development, Advanced Analysis and Design (GISDAAD), Concord, North Carolina, USA.
- **Prof. Shen-En Chen, PhD. P.E.,** Dept. of Environmental Engineering, University of North Carolina, Charlotte, USA.
- **Ezi Tsogli,** Math Lead, International Center for Community Development (ICCD), Concord/ Charlotte, NC, USA.

J Forum on AI in Energy, Petroleum, & Industrial Infrastructure

DAY 2, November 17, 2026

This Forum explores how Artificial Intelligence is transforming energy systems and industrial infrastructure. Discussions will focus on smart energy management, predictive maintenance, industrial automation, environmental monitoring, regulatory compliance, and sustainable infrastructure development. It is designed for industry leaders, engineers, policymakers, regulators, legal experts, and technology professionals.

Moderators:

- **Prof. D.N. Singh, D.L. Shah,** Chair Professor for Innovation, Indian Institute of Technology Bombay (IITB), India
- **Prof. Ahmed Hassan,** (BIO Needed)

K Forum on Faith-Based Institutions and Social Works Operations in the Age of AI

DAY 2, November 17, 2026

This Forum explores how AI can support faith-based outreach, religious education, community engagement, and social service delivery. Discussions will focus on AI ethics, digital inclusion, data privacy, humanitarian services, and the responsible use of technology in faith communities. It is designed for religious leaders, social workers, nonprofit organizations, development practitioners, policymakers, and technology experts.

General Committee

L Forum on AI Application in Art, Sport, and Entertainment Industry

DAY 4, November 19, 2026

This Forum explores how Artificial Intelligence is transforming education, sports, and the entertainment industry. Discussions will focus on digital learning, performance analytics, content creation, fan engagement, intellectual property, data protection, and emerging regulatory challenges. It is designed for educators, sports professionals, media executives, content creators, legal practitioners, policymakers, and technology experts.

Moderator: Prof. John Justus Okon; Ambrose Isibor

M GLOTADALS Youth AI Training Program and Talent Showcase

DAY 3 & 4, November 18-19, 2026

Artificial Intelligence is creating new opportunities for youth in the Fourth Industrial Revolution. GLOTADALS will train up to 200 selected participants from the United States in a two-day AI program led by five AI/ICT experts. Trainees will also attend summit sessions, receive mentorship, and network with leading global experts throughout the one-week event.

Moderator: Dr. Theresa Isibor, Executive Director, International Center for Community Development (ICCD), Concord/ Charlotte, NC, USA

N Forum on AI Applications in Medical and Pharmaceutical Systems

DAY 3, November 18, 2026

This Forum explores the growing role of Artificial Intelligence in healthcare and the pharmaceutical industry. Discussions will focus on AI applications in diagnostics, medical imaging, predictive analytics, drug discovery, and health policy, while examining the benefits, risks, and ethical concerns surrounding AI-driven healthcare. It is designed for healthcare professionals, researchers, pharmaceutical experts, policymakers, and technology innovators.

Moderators:

- **Dr. Wayne Phillip,** International Center for Community Development (ICCD), Concord/ Charlotte, NC, USA.
- **Dr. Augustine Nnana Onwukwe,** MD, FAAFP, FHM. Medical Director , Access Care Medical, NC, USA

O Forum on AI Application in Finance, Security, & Digital Economy Systems

DAY 4, November 19, 2026

This Forum explores how Artificial Intelligence is transforming banking, financial services, and the digital economy. Discussions will focus on digital banking, fintech innovation, fraud prevention, financial regulation, cybersecurity, digital assets, and AI-driven financial governance. It is designed for bankers, regulators, fintech professionals, investors, economists, legal practitioners, and policymakers.

Moderators:

- **Nwafor Leeda Agunwah,** Information Technology & Management Consultant, & Co-founder of Jaguda.com, Charlotte, NC, USA
- **Marshall Anako,** President, Madako Corp, West Carmen Drive, Arizona, USA

P Forum on GIS, Space, and Computing Sciences Systems

DAY 1, November 16, 2026

This Forum explores the integration of Artificial Intelligence, GIS, space science, and advanced computing in solving complex spatial and data-driven challenges. Discussions will focus on geospatial analytics, remote sensing, cloud computing, predictive modelling, data governance, and smart decision-making systems. It is designed for GIS professionals, computer scientists, engineers, researchers, policymakers, technology innovators. and individuals interested in this area.

Moderators:

- **Prof. Kefei Zhang,** RMIT University, Melbourne, Australia;
- **Dr. Wenwu Tang,** Executive Director, CAGIS, UNC Charlotte, USA

GLOTADALS 2026

THEMATIC FORUMS

THEMATIC FORUMS

GLOTADALS Cultural Festival and Awards

DAY 4, November 19, 2026

Innovation thrives when technology is grounded in culture and heritage. GLOTADALS celebrates this connection through its Cultural Festival and Awards, showcasing global traditions alongside creativity and excellence. Held on November, 19, 2026 (6:00 PM–11:00 PM), the event features cultural performances, traditional attire, fashion, storytelling, arts, and exhibitions representing Caribbean, European, African, African-American, Latin American, Asian, and Indigenous cultures

Moderator: Dr. Theresa Isibor, Executive Director, ICCD, Concord/ Charlotte; **Ms. Heaven Roberts**, Red Robin Trail, Denver, NC, USA ; **Ms. Stephanie Wu**, ICCD

Forum on Smart Industry & Commerce (Business, Entrepreneurship, Project Mgt., Manufacturing & Trade) in the AI Era

DAY 2, November 17, 2026

Business, entrepreneurship, manufacturing, and trade are key drivers of economic growth and sustainable development. This forum explores how AI is transforming innovation, supply chains, digital commerce, and global trade. It brings together business leaders, manufacturers, entrepreneurs, and local and international trade professionals to discuss opportunities and challenges in the AI era.

Moderator: Silvanus Udoka, Ph.D. Dean & Professor , School of Business at Clark Atlanta University (CAU), Atlanta, GA, USA

Forum on AI in Education for Societal Sustainable Development

DAY 1, November 16, 2026

AI is reshaping education by expanding access, personalizing learning, and advancing progress toward UN SDG 4. This forum examines AI's role in digital inclusion, curriculum innovation, ethical governance, online learning, and educational infrastructure. It brings together educators, institutions, innovators, investors, and researchers to advance responsible AI integration and the future of education.

Moderator: (TBC)

Organizational Special Session (OSS) & Initiatives at GLOTADALS 2026

Several organizations will host special sessions at GLOTADALS 2026 to present their initiatives and advance sustainable development. Each organization is responsible for planning and managing its session, and participants should contact the respective organizers for session details. For general conference information, schedules, and logistics, please contact the GLOTADALS 2026 Conference Secretariat.

OSS: 1 African Academy of Sciences (AAS) Special Session. DAY 3, November 18, 2026

This special session introduces the African Academy of Sciences (AAS) and its mission to advance science, technology, and innovation for sustainable development in Africa. Participants will learn about AAS programs, fellowships, international initiatives, and opportunities for youth and women. Those interested in serving as panelists or discussants should contact the session co-organizers.

Moderator: Dr. Nkem Khumba,; Dr. Hilary Vanessa Finchum-Sung, Executive Director , AAS, Nairobi

OSS: 2 US-Global South Business Roundtable (US-GSBR) DAY 2, November 17, 2026

A high-level dialogue connecting U.S. business leaders with entrepreneurs, investors, and policymakers from the Global South to explore trade, investment, innovation, and sustainable economic partnerships. The session will identify practical opportunities for strengthening U.S.–Global South commercial relations and unlocking inclusive private-sector growth. **Moderator**: TBC

OSS: 3 Global Health Security Forum (GHSF)

DAY 3, November 18, 2026

This forum will bring together policymakers, health experts, business leaders, and development partners to address emerging health threats and strengthen global preparedness and response. The session will focus on resilient health systems, public-private partnerships, innovation, financing, and coordinated action to safeguard communities and economies worldwide. **Moderator**: TBC

OSS: 4 Forum on Mental Healthcare, NextGen Therapy & AI Applications

DAY 2, November 17, 2026

Anchored in the summit's goal to align technology with international sustainable development objectives, this forum investigates how NextGen AI applications can sustainably optimize institutional healthcare systems. The discussion centers on balancing experimental AI therapeutic tools with responsible, real-world deployment with strong human oversight. Participants will analyze cutting-edge clinical tools while actively mapping out solutions to mitigate algorithmic bias and security risks in digital mental health delivery and mental reaction. Solutions for AI and emerging technologies to support mental health system rather than worsening it , will be mapped out. **Moderator**: TBC

GET MORE INFORMATION ABOUT FORUMS

The GLOTADALS Summit Forums are designed to enable participants to choose the thematic area through which they wish to engage in the conference. Each forum is tailored to a specific sector or discipline, providing focused discussions, networking opportunities, and practical insights relevant to participants' professional interests.

For more information on the available forums, please visit https://glotadals.us/features/forum/. For enquiries, participants may contact the respective Forum Moderator or Coordinator as listed on the website or on send enquiries to **forums@glotadals.us**

FORUM SPONSORSHIP OPPORTUNITIES

Are you interested in sponsoring an existing forum or creating a customized forum for your organization?

Individuals and organizations wishing to sponsor an existing forum may complete the online form at https://glotadals.us/features/forum/ or **FORUM & SESSION SPONSORSHIP FORM (F5)**, attached to this program and send the completed form to forums@glotadals.us.

Organizations interested in hosting and sponsoring a customized **OSS** forum may also fill the aforementioned online/offline form or contact forums@glotadals.us to express their interest and discuss available opportunities.

To submit your abstract for Presentation, Please fill ABSTRACT SUBMISSION FORM **form F1** attached to the Program
For more information on Sumit Registration, see **page 17** or fill the REGISTRATION FORM **form F2** attached to the Program to register.
For more information about Forum, see **page 15** or fill Forum/Session Sponsorship Form **form F5** attached to the Program to sponsor one
For more information on CLE Coursea, see **page 18** or see **page 19** for other featured certified courses
For more information on the Youth Track Program, see **page 20** or fill Youth Track Form **form F8** attached to the Program to register.
For more information on the Award & Cultural Festival, see **page 21** or fill the Audience/Performer **form F7** attached to the Program

GET INVOLVED

SUBMIT YOUR ABSTRACT

For persons interested to join as speaker or make a presentation, submit your abstract for consideration. This is your opportunity to share your research and insights with a global audience of experts. To submit online, please visit https://glotadals.us/submissions/abstract or send it to abstractsubmission@glotadals.us (Complete the **Abstract Submission Form F1** attached to the program). **View Tracks**

REGISTER FOR THE SUMMIT

Book your spot in the Summit by registering. Acceptance of abstract does not guarantee presentation unless you register on time. Secure your place among global leaders, researchers, and innovators shaping the future of AI and sustainable development. Full registration fee is **700 USD**. Single day registration is **150 USD** per day.

GLOTADALS CERTIFIED TRAINING PRGRAM

GLOTADALS also offers specialized (optional) training courses, detailed at **page 19** Interested participants may enroll in any course for **400 USD** each during the Summit registration process.

SECURE YOUR SPOT AMONG GLOBAL AI LEADERS

HOW TO REGISTER FOR THE SUMMIT & TRAINING PROGRAM

You may register for the Summit either online or offline. For Online Registration, fill out the form at https://glotadals.us/register/ by entering the required information, if interested, choose training courses and make payment online to complete registration.

If you prefer offline registration or experience any difficulty registering online, complete the **Registration Form F2**. Pay by Card/Paypal or bank transfer using the account details provided on the form, then email the completed form and proof of payment to registrations@glotadals.us, copying payment@glotadals.us.

SEPCIAL DISCOUNT FOR REGISTRATION & TRAINING PROGRAM

Special discounts are available for group registrations of five (5) or more participants from the same affiliated institution. To apply, fill the online form at https://www.glotadals.us/features/group or , complete the offline **Group Registration Form F3** and send it to the email address: group-registration@glotadals.us. Discounted registration and training fees are also available to participants eligible for the Youth Track Training Program (**page 20**) and to participants enrolling in the CLE Program (see **page 18** for details).

Sponsorship & Exhibition

GLOTADALS also offers sponsorship and exhibition opportunities. For more information or to express interest online, visit https://www.glotadals.us/features/sponsors (for sponsorship) or https://glotadals.us/features/exhibitions/ (for exhibition). Alternatively, you may complete the **Sponsorship Interest form F4** offline or the **Exhibition interest form F6** offline. You may send the completed form to partnerships@glotadals.us

CLE COURSES

WHAT YOU NEED TO KNOW

The GLOTADALS 2026 offers 11 accredited Continuing Legal Education training courses designed to equip legal professionals with the skills to navigate the rapidly evolving intersection of artificial intelligence and law.

SDS.3	AI for Sustainable Development under UN Legal Frameworks	Nov, 19, 2026 (RM. E)	3:30 pm -5:30 pm	2.0 APPROVED

WHO SHOULD ENROLL?

- Practicing Attorneys seeking to integrate AI into their workflow
- In-House Counsel navigating AI compliance and governance
- Judges & Magistrates exploring AI in judicial decision-making
- Legal Academics & Researchers studying AI's impact on law
- Policy Makers & Regulators drafting AI legislation

WHY ENROLL?

- Earn 22 accredited CLE credits recognized across jurisdictions
- Learn from world-class AI & legal experts at the forefront of innovation
- Gain practical, hands-on skills you can apply immediately
- Network with peers shaping the future of legal technology
- Stay ahead of regulatory changes and compliance requirements
- Access exclusive course materials and post-summit resources

NOTE:

- The provider shall not be responsible for scheduling conflicts arising from a participant's course selections.
- Single-day registrants are advised to select the date(s) (Nov 16–19, 2026) on which their chosen CLE course(s) will be offered.

COUESE FEE & SPECIAL PACKAGES

- Each CLE Course: ~~USD 400~~ DISCOUNTED FEE: USD 150
- Full Summit Registration: USD 700
- Single-Day Summit Registration: USD 150 (per day)
- Registration for CLE courses is available only to registered Summit participants.
- Full Summit Registrants may attend up to Nine (9) CLE courses (i.e. 18 CLE cred) without additional course fees. Also, attendance of the Dinner, Awards and Cultural Festival is complimentary for full Registrants of the Summit. (see **page 21** on the Awards)
- You cannot participate in any CLE course unless you are registered for the Summit. Participants must, therefore, register either for a Single-Day Summit Pass (1–4 days) on date scheduled for their course or Full Summit Registration (6 days).
- Some courses are conducted concurrently. Participants are strongly advised to review the course schedule carefully before making their selections.

REGISTER NOW

click on the arrow

Registration for the Summit and CLE courses is completed simultaneously through the official CLE Registration Portal

For more information on the CLE registration guidelines, visit: www.glotadals.us/features/cle or contact us: cle@glotadals.us

OTHER CERTIFIED FEATURED COURSES

AI in Environmental Monitoring Techniques (EMT) and GIS

CERTIFIED

This Course explores the application of AI in GIS, geospatial analysis, environmental monitoring, and spatial data management. Discussions will focus on AI-assisted mapping, geostatistical analysis, environmental modelling, remote sensing, laboratory protocols, and intelligent monitoring systems. It is designed for GIS professionals, environmental scientists, researchers, engineers, and data analysts.

EMS.1
Nov, 17, 2026
(RM. B)
3:30 pm -5:30 pm
$400

Artificial Intelligence Applications in Medical Practice

CERTIFIED

This Course explores the application of AI in GIS, geospatial analysis, environmental monitoring, and spatial data management. Discussions will focus on AI-assisted mapping, geostatistical analysis, environmental modelling, remote sensing, laboratory protocols, and intelligent monitoring systems. It is designed for GIS professionals, environmental scientists, researchers, engineers, and data analysts.

MHS.1
Nov, 18, 2026
(RM. C)
1:00 pm -3:30 pm
$400

Fundamentals of Artificial Intelligence (AI)

CERTIFIED

This Course provides a practical introduction to Artificial Intelligence, machine learning, deep learning, natural language processing, and computer vision. Discussions will focus on AI models, neural networks, data analysis, image and language processing, and leading AI frameworks and tools. It is designed for students, researchers, technology professionals, data analysts, and individuals seeking foundational AI knowledge.

STS.1
Nov, 19, 2026
(RM. C)
8:30 -10:30 am
$400

Artificial Intelligence in Data Analysis

CERTIFIED

This Course provides an introduction to Artificial Intelligence, machine learning, and data analytics for informed decision-making. Discussions will focus on data preprocessing, predictive modelling, classification, forecasting, clustering, dimensionality reduction, and anomaly detection techniques. It is designed for data analysts, researchers, technology professionals, students, and individuals seeking practical data analysis skills.

STS.2
Nov, 19, 2026
(RM. C)
10:30 am -12:00 pm
$400

AI in Cognitive Computing and Decision Support Systems

CERTIFIED

This course explores the use of AI and machine learning techniques for data preparation, predictive modelling, classification, forecasting, clustering, and anomaly detection. Participants will gain practical insights into transforming data into actionable intelligence for informed decision-making.

STS.3
Nov, 19, 2026
(RM. C)
12:00 -3:30 pm
$400

Introduction to Digital Asset and Blockchain Technology, & Cryptocurrency

CERTIFIED

This Course explores blockchain technology, digital assets, and cryptocurrency systems in the modern financial ecosystem. Discussions will focus on blockchain applications, smart contracts, digital transactions, fraud prevention, regulatory compliance, asset tokenization, and financial transparency. It is designed for finance professionals, legal practitioners, regulators, investors, technology experts, and business leaders.

FBS.1
Nov, 19, 2026
(RM. B)
10:30 pm -12:00 pm
$400

AI in Financial Technology Systems, Banking and Accountability Cooperation

CERTIFIED

This Course explores the use of Artificial Intelligence in financial governance, fraud detection, risk management, and automated decision-making. Discussions will focus on combating illicit financial flows, cybersecurity, accountability, transparency, ethical AI, and regulatory compliance in financial systems. It is designed for financial professionals, regulators, policymakers, legal practitioners, compliance officers, and technology experts.

FBS.2
Nov, 19, 2026
(RM. B)
12:00 -3:30 pm
$400

Artificial Intelligence Applications in Art and Entertainment

CERTIFIED

An AI application in the creation of images, videos or music based on an algorithm, and data input; AI applications in artwork (colour suggestions, compositions and line drawing); AI applications in the formulation of patterns, styles and trends; AI applications in animations, games and Sport.

AES.1
Nov, 18, 2026
(RM. D)
8:30 pm -10:30 am
$400

Registration for the Summit and the non-CLE courses above is completed simultaneously through the regular online registration form here or fill the offline Registration form F2 attached to this Program. ABOUT
The Hosting Institutions

The Institute of Law Research & Development of United Nations (ILAWDUN), is an independent and autonomous institute, headquartered in Washington DC, which conducts research into international law on all levels, as well as the legal frameworks, policies and programs of the United Nations. It studies and catalogues international law, legal frameworks and policies of the United Nations and its programs of development. **Read more**

GISDDAAD is a research-driven institution focused on advancing sustainable development through innovative analysis and strategic design. The institute collaborates with global partners to develop policies, frameworks, and solutions that address environmental, economic, and social challenges. Through interdisciplinary research, education, and consultancy, GISDDAAD promotes sustainable practices across various sectors. **Read more**

The University of North Carolina at Charlotte (UNC Charlotte) is a leading urban research university recognized for innovation, applied scholarship, and strong engagement with global and community challenges. As an R1 research institution, it fosters interdisciplinary learning and partnerships that connect technology, policy, and societal impact. **Read more**

Established in 1958 with assistance from UNESCO, the Government of India and other European entities under the UN Expanded Program of Technical Assistance, the Indian Institute of Technology Bombay (also known as IITB or IIT Mumbai) is known worldwide and globally rates first class for its academic excellence. It is a university system that is autonomous in nature. IIT Bombay offers degree and dual degree programs at the UG, PG, and doctoral levels across engineering, science, and management streams. **Read more**

The Royal Melbourne Institute of Technology (also known as RMIT University) is a public research university located in the city of Melbourne in Victoria, Australia. It was established in 1887 and it is the seventh-oldest institution of higher education in Australia, a founding member of the Australian Technology Network (ATN), and a member of Universities Australia (UA). **Read more**

The Pennsylvania State University (Penn State or PSU) is a public state-related land-grant research university with campuses and facilities throughout Pennsylvania, United States. Founded in 1855, Penn State was named the state's first land-grant university eight years later, in 1863. It ranks high (30) among the top public schools in the 2025 ranking so far. It's the College of Information Science and Technology CIST) opened its doors in 1999 as one of the first information schools in the world. **Read more**

Founded in the Centre of Ljubljana, Slovenia, the University of Ljubljana is the oldest and largest University in Slovenia and one of the most highly rated classical schools in the European region. Established in the seventeenth century with certain academies (notably of philosophy and theology) as Jesuit higher education in what is now Slovenia.The University ranks globally excellent in science, medicine, engineering, technology, humanities, and law programs. **Read more**

FThe African Academy of Sciences (AAS) is a non-aligned, non-political, and not-for-profit pan-African organization committed to transforming lives in Africa through science. It provides advisory and think tank functions to shape Africa's Science, Technology, and Innovation (STI) policies while implementing key STI programs to address developmental challenges. **Read more**

The International Center for Community Development (ICCD) was founded in 2001. With a strong legacy in education, community mobilization, and outreach, ICCD serves low-income and underserved populations while remaining inclusive of all individuals regardless of background. Over the years, it has built strategic partnerships with schools, local organizations, and community institutions to advance education, literacy, youth empowerment, and social development. **Read more**
